### HOWARD TRIAL

Will Proceed at Frankfort at Present Term.

Little Difficulty Anticipated in Securing a Jury to Try the Case.

Frankfort, Ky., Jan. 8—Jim Howard will be tried at this term of the Circuit Court for the murder of Governor William Goebel. Judge Castrill this afternoon overruled the motion of the defendant to continue the hearing and ordered that the trial proceed. The Commonwealth admitted that Howard's absent witnesses, if present would testify to the statements set forth in the affidavit which was submitted by the defendant's counsel this morning. This forced the defendant into a trial and the court ordered attachments for all Howard's witnesses who did not answer when their names were called. Nearly all the Commonwealth's witnesses are now here. Among them are F. Wharton Golden, who came from Colorado.

It is expected that it will require about twelve days to try Howard this time. Judge Thomas R. Gordon, of Louisville, and Mr. James Andrew Scott, of Frankfort, will be the prisoner's active attorneys.

Attorneys of the local bar say they anticipate little difficulty in securing a jury to try Howard.

### KICKED INTO POND

And the Victim Came Near Being Drowned.

Mr. Thomas Mumms, a farmer living near Trenton, was the victim of a very peculiar accident and one that came near proving fatal.

He was walking around in his horse-lot, near a deep pond, when a mule galloped by and kicked him on the back of the head. Mr. Mumms was knocked senseless and fell in the water. The water being very cold it restored him to consciousness in a few seconds, or he would have drowned.

While painfully hurt, he will recover.

### SPECIAL ATTACHMENT

Against Property of Defendant in Addition to Divorce.

Tempo Murphy has filed suit for divorce from Wesley Murphy, charging abandonment. They have been married two years.

Plaintiff prays a decree of divorce and asks \$500 alimony for maintenance of herself and child. She further prays that a special attachment issue against the property of the defendant.

The parties are colored and live near Newstead.

### DAWSON-BINNS.

Prominent People of Pee Dee Married Here Yesterday.

Mr. J. W. Dawson and Miss Daisy Binns, prominent young people of Pee Dee, were married at the residence of the officiating minister, Rev. J. L. Wyatt, pastor of the Presbyterian church here, at 3 o'clock p. m. yesterday. The couple immediately left for their home.

The bride is a daughter of Mr. Walter Binns.

### VICTIM OF CONSUMPTION.

W. A. Cason Dies After Illness of Several Weeks.

W. A. Cason died at his home on North Liberty Wednesday morning, after an illness of several weeks. He was about forty years old and leaves a family. The remains were interred in the Cason burying ground, near Salubria Springs, yesterday.

### SENATORIAL CAUCUS.

First One To Be Held To-night By Agreement.

Deboe Knocks Bradley Out of the Ring for Republican Nomination

Frankfort, Ky., Jan. 9.—By agreement of all the candidates, the Democratic caucus to nominate a candidate for United States Senator was held in the hall of the House of Representatives last night, as there was no probability of any of the candidates withdrawing, it was the consensus of opinion that no nomination could be made, and the caucus may drag along through the remainder of the entire week and longer, before the deadlock is broken.

The caucus to nominate two prison commissioners will not be held until the senatorship is settled.

Deboe downed ex Gov. Bradley in the empty honor of securing the nomination for Senator, being nominated by acclamation. Boring withdrew by telegraph, when Bradley's name was withdrawn.

Both houses adjourned Tuesday in honor of Jackson day.

Geo. W. Hickman, of McLean county, has announced himself as a candidate for Congress in the Second district. A. O. Stanley and W. R. Howell are also in the race.

Capt. W. T. Ellis, of Owensboro, is a candidate to succeed Judge Guffy in the court of Appeals.

There is an apparent disposition on the part of the Goebel reward commission to pay out no money for the conviction of Youtsey.

Mr. Watterson has requested a friend to prevent the mention of his name in the United States Senateatorial caucus.

Judge W. E. Settle, of Bowling Green, is the only probable Democratic contestant for appellate Judgeship that Mr. Ellis will have to contend with.

### SUPERVISORS IN SESSION.

Mr. J. H. Williams is Chairman of The Board.

The Board of Supervisors of the tax list for the year 1902 has been in session for several days and will adjourn next Thursday. The board is composed of the following gentlemen:

Mr. J. H. Williams was elected chairman of the board.

### FALL PROVED FATAL.

Although Accident Happened  
About a Year Ago.

Mr. Wm. H. Wade, a well known citizen of near Fairview, died last Saturday. He was 56 years old and is survived by a widow and three children.

About a year ago, Mr. Wade, while placing some rafters on a barn, fell twenty feet to the ground, sustaining serious injuries. He never fully recovered from the fall. Since that time he had been gradually on the decline and a few months ago lung trouble developed, hastening his death.

He was a member of the Cumberland Presbyterian church.

### Why Not Hopkinsville?

Carnegie is going to give Paducah \$35,000 for its library when work on the new building begins. Hopkinsville would probably accept a like amount.

### BUYERS BUSY

And Contracts Being Signed Up  
Every Day.

Sales on the Breaks Will Probably  
be Resumed Next Week.

The weather during the past week has been most favorable for handling the weed and loose receipts have been unusually heavy.

Farmers are also prizing in some sections and hogheads receipts will soon begin to improve.

There were no sales on the breaks this week, but this branch of the tobacco business will probably be resumed next week.

There is still some old tobacco on hand to be disposed of, and this, together with new receipts, is expected to furnish stock sufficient for a good sale.

Loose buyers were never busier and contracts are being signed up every day.

Prices being paid are satisfactory, ranging from \$5 to \$7 around.

There were some private cash sales this week at fair prices.

caused By Report That They Will Lose Vote.

Women's Club of Central Kentucky to Go on the Warpath.

The club women of Central Kentucky have been aroused by the report that the Legislature will abolish that section of the charter of second-class cities which gives women the right to vote on school questions. As a result, the Women's Club of Central Kentucky, the Equal Rights Association and the W. C. T. U. have appointed a joint committee of ten to frame a protest against such action. The joint committee will appoint a committee of 100, which will unite in working up a protest. It is the intention to prepare a monster petition, which will be sent to Frankfort.

## WESTERN BLIZZARD YARN.

Snowbirds so Thick as to Crowd Pedestrians.

From Bloomfield, Neb., comes the following story of the recent storm and blizzard: While the storm was at its height, the wind blowing a gale and snow flying thick, the streets, houses, sidewalks and porches suddenly became covered with small snowbirds. They were so little afraid that pedestrians were compelled to push them aside in walking. The little fellows seemed to be so thoroughly chilled by the intense cold as to be unable to fly. Hundreds died of exposure. James Almand, the story says, picked up more than 200 live birds and carried them into his residence, where he kept them until the storm had abated before setting them free. Many other residents did likewise and saved hundreds of the birds. After the snow melted thousands of dead birds covered the streets, while the living ones disappeared as suddenly as they had come.

Rev. William H. Wittig, a Quaker minister who has charge of the Friends' Church at Washington, Ind., was filed suit for divorce. He was married in Chicago two months ago. ## ANOTHER

Device to Project a Shell Without Concussion.

Ordnance Department Test, Which May Lead to Its Purchase.

D. Pettingill, of Oakland, Cal., has invented a glycerine projectile which, if the claims of the inventor hold good, will prove of great importance. The mechanism of the invention is a secret and Pettingill is now negotiating with the United States government for the sale of the device. The matter will be considered by the Ordnance Department. The invention, Pettingill says, is a shell that will carry without the least concussion from 50 to 200 pounds of glycerine oil as far as the ordinary shell can be carried by ordinary ordnance. The concussion necessary to project this shell, he says, is by his device reflected by the sides of the shell so that the glycerine oil is not disturbed at the least.

## HELP

Needed By Uncle Sam In His Great Work.

The Wonderful Growth Of The Rural Free Delivery Necessitates It

The creation of another assistant postmaster generalship, to have charge of the free city and rural delivery service, is contemplated in the House by Representative Watson, of Indiana. The proposed legislation is the result of the vast growth of the rural free delivery service throughout the country, which, with the free delivery service in the cities, will involve an aggregate cost of more than \$30,000,000 during the next fiscal year. The free delivery service, which comprises both the city and rural delivery, now has about 3,175 employees distributed among a number of divisions. The new officer, if the bill shall pass, will be the Fifth Assistant Postmaster General.

## ASHES

To Be Scattered Over New York Bay.

Miss Dr. Phillips' Dying Request To Be Respected and Ashes Scattered.

Miss Hannah R. Phillips, the educator and physician, having requested it upon her death bed, her body has been cremated, and next Saturday, after a simple service on the decks of one of the Staten Island ferryboats, the ashes will be scattered upon the waters of New York bay.

Miss Phillips, who was fifty-four years of age, was born in the West.

For many years she was a teacher in the New York public schools. Afterwards she studied medicine and achieved prominence as a specialist, members of the Vanderbilt, Van Rensselaer, Van Cortlandt and Cutting families being numbered among her patients.

In late years men have made fortunes out of the tailing of gold mines. The mills in which the ore formerly was crushed and the crude processes then used in allowed large percentages of the precious metal to escape, and this amounted in some cases to a ton.

The stomach is just like a stamp mill in this respect, that when it is not in perfect order it allows the escape and waste of the precious elements contained in the food. That which continuous means the loss of man's greatest fortune—heath.

Science offers a remedy for this condition in Dr. Pierce's Golden Medical Discovery.

It corrects the weakness\* of the stomach and the digestive organs.

It stimulates the appetite and

restores the health.

It cures the disease.

## SPOONING

Proves to Be a Serious Thing At Fancy Ball.

A Marriage En Masque For Fun And a Divorce May Follow

Miss Alice Rose, of Sedalia, O., became the unwilling bride of Andrew Parks, at Towanda, Pa., New Year's night as the result of an attempt to play a joke at a masquerade ball. Miss Rose, who was visiting friends in that section, was a guest at the ball, and Parks, who was present, expected his fiancee to wear a costume similar to that of Miss Rose.

He accordingly mistook the Ohio girl for his sweetheart, and when he began to say tender things Miss Rose quickly saw he had made a mistake, but in a spirit of fun led him on. Parks found himself getting along so smoothly that he proposed immediate marriage in their masquerade costumes, and Miss Rose accepted with the stipulation that neither unmask until after the ceremony was completed. She relied on the fact that Towanda is in Pennsylvania, just across the State line, and a marriage license would accordingly be necessary.

The couple, retaining their masks, donned their garments and went to the house of a Methodist minister, arousing him from bed and stating their wants. He complied and proceeded to perform the ceremony. When he had gone far enough the bride suggested they had forgotten the marriage license, but the groom replied, "Oh, no, I got this yesterday," producing a paper from his pocket.

With a cry she fell to the floor, but quickly recovered herself and declared that she must be released. The minister held the ceremony had gone far enough to make it binding, and the groom, when he found out the joke, was in a towering rage. It is thought a divorce action will be necessary in order to dissolve the bonds beyond a doubt.

W. L. Yaucey, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Southern Kentucky treated me without success. I was induced to try Foley's Honey and Tar. The first dose gave immediate relief and since bottles cured me entirely. I gladly recommend this wonderful remedy." Take no substitute. All druggists.

## KILLED

In The Presence of a Sheriff And Policeman.

James Hooker was shot three times at Adrain, Mich., by Bert Farrington and so badly wounded that he died. Mrs. Farrington, who had not lived with her husband for a number of months, was visiting at Hooker's home.

Accompanied by sheriff Shepherd and a policeman, Farrington went to the Hooker house about midnight. The party secured admission and went immediately to Hooker's bedroom. A match was struck and Farrington opened fire over the sheriff's shoulder as soon as he saw the couple in there together.

N. Jackson, Danville, Ill., writes: "My daughter had a severe attack of the measles, a terrible cough set in on her lungs. We tried a great many remedies without giving relief. She tried Foley's Honey and Tar which cured her. She has never been troubled with a cough since." Sold by all druggists.

## PENALTY

Of Death For Attempt On Life of the President.

Representative Jenkins, Wisconsin, of the judiciary special committee, which is framing an anti-anarchist bill, has introduced a measure which, in addition to providing the death penalty for assaulting the President, requires alien immigrants to take an oath not to assault those in government authority and not to publicly uphold the supervision of the government by violent means.

## THE DAY THE OLD MAN QUIT.

The day the old man quit we went to wish him well and say good-by; He stood before us pale and thin, And said, "I'm going to die." "To-day," he trembling said, "I give up care to younger hands"; At last I turned away, sorrowfully, With those whose usefulness is past.

"And here another master's wife, Instead of mine, shall be supreme; I have no strength left to rule."

While I, forgotten nod and dream— Ah, this it is that breaks my heart!

It's turning after I depart

I might give up and go to peace."

We shook his hand that dismal day And bade him God speed in his memory dear.

The ground was wet with many a tear;

The word was given, the wheels began

And on the morrow the old man

Came hobbling back to work again.

We are authorized to announce  
MR. WEBB C. BELL,  
of Christian County, is a member of the Railroad  
Commissioners of the First Railroad District of  
Kentucky, subject to the action of the  
Democratic party. Election Nov. 1883.

Marconi's latest scheme is to  
place a ship in midocean to relay  
messages across the Atlantic.

Now that the President seems to  
side with Schley, will it be long before  
somebody will retire from the  
Navy Department?

The United States Steel Corpora-  
tion's net earnings from April to  
December, with December estimat-  
ed, was \$84,729,298.

The franking privilege for all  
Mrs. Roosevelt's correspondence  
has been reported favorably by the  
House committee on postoffices and  
post roads.

A general withdrawal of the  
United States from Cuba, prepara-  
tory to giving control of affairs to  
the civil government, has already  
been begun.

Thomas Estrada Palma was  
elected President of Cuba, though it  
is said he has not been on the  
island for nearly a quarter of a  
century.

R. J. Cassidy, detective of the  
State Board of Pharmacy, will  
swear out seventy-five warrants  
against druggists for selling cocaine  
and opium in violation of law in  
Louisville.

The United States Supreme Court  
has decided that the long and short  
haul clause in the McChord railroad  
bill is constitutional. This is the  
most important railroad bill that  
has gone to the supreme court from  
Kentucky for many years.

Representative Kearn of Illinois,  
has introduced a bill authorizing the  
restoration of the army canteen.  
Mr. Kearn is a member of the  
military committee, and says the health  
of the soldiers demands the canteen.

Rear Admiral Schley will make a  
formal appeal to the President from  
the findings of the Court of Inquiry.  
The appeal will be made to the  
President as the Commander-in-  
Chief of the Navy.

Alaska and the United States  
may soon be connected with a line  
of wireless telegraphy. Seattle,  
Wash., capitalists are negotiating  
with Chicago firms to equip the  
proposed line.

The Census Bureau on the 7th  
inst. issued a report announcing  
that the population of the United  
States, including all outlying pos-  
sessions, was 84,233,669. The  
population of the United States  
proper is 75,994,575.

The shortage of Stuart Young,  
late Treasurer of the city of Louis-  
ville, is expected not to exceed \$45,  
000. It will be remembered that  
Young committed suicide rather  
than live to face the disgrace that  
followed when his peculations came  
to light.

### \$100 Reward \$100.

The readers of this paper will be  
pleased to learn that there is  
least one Catarrah doctor in the  
country who has been able to cure in all  
its stages, and that is Catarrah  
Hall's Catarrah Cure is the only  
positive cure known to the medical  
fraternity. Catarrah being a con-  
stitutional disease requires a con-  
stitutional treatment. His Ca-  
tarrah Cure is taken internally, act-  
ing directly upon the blood and mu-  
cous surfaces of the system, thereby  
destroying the foundation of the  
disease, and giving the patient  
strength by building up the consti-  
tution and assuring him of a  
long life.

The proprietors have  
faith in its curative powers,  
of "Our Hasted Doctor," after  
it fails to do so, set of testimonials,  
and "Ayer's & Co.,  
Toledo, O."  
and "the best  
sh. \$100."

Secretary of the Treasury Gage  
in resigning his office expresses his  
desire for the success of the Rough  
Rider President's administration,  
and the President accepts "will-  
ing." A love feast at parting,  
no doubt. Postmaster General  
Schlesinger's resignation was also ac-  
cepted "with regrets." "Drop the McKinley Cabinet" is  
dropping out, three of them having  
already forsaken the counsels of the  
"man of destiny," as some one has  
dubbed the fast riding President.

### All Stuffed Up

That's the condition of many sufferers  
from catarrah, especially in the morning.  
Great difficulty is experienced in clear-  
ing the head and throat.

No wonder catarrah causes headache,  
impairs the taste, smell and hearing,  
pollutes the breath, deranges the stomach  
and affects the appetite.

To cure catarrah, treatment must be  
constitutional—allopathic and tonic.  
I have tried many cures. I took  
medicines of different kinds, giving each  
a fair trial; but gradually grew worse.  
I then turned to Dr. T. E. Hood's Sarsaparilla,  
and after taking five bottles I was cured.  
I have had no trouble since with the disease  
since." EDGEE FORSE, Lebanon, Kan.

**Hood's Sarsaparilla**

Cures catarrah—it soothes and strengthens

the mucous membrane and builds  
up the whole system.

The proposition to lease the tab-  
ernacle at Nashville for theatrical  
purposes vigorously protested by  
the ministers and church members.  
The American war those favoring  
the lease against the next advent of  
Sam Jones, and tell them they  
"will hear something drop."

Rabbi Moses, one of the most  
prominent figures in American re-  
formed Judaism, died in Louisville  
last Tuesday night. He had been a  
sick man for three years, and his  
death was not unexpected. He was  
born in Prussia in 1840.

Secretary Long has appointed  
John A. Kearney, of Cohoes, N. Y.,  
as the successor to E. S. Macay,  
the historian at the New York Navy  
Yard, who was removed by order of  
the President for his criticism of  
Rear Admiral Schley.

Dr. J. D. Clardy went to Frank-  
fort Tuesday, where he had been  
summoned as a witness in the in-  
junction case to test the Constitu-  
tionality of the Goebel reward fund.  
The suit will first be tried in the  
Circuit court and then appealed to  
the Supreme court.

Congress, after a generation,  
proposes to reimburse the southern  
soldiers for horses, bridles and  
armas taken from them, in violation  
of the compact made between Lee  
and Johnson and Grant and Sherman.  
Why not pay the southern  
people for slaves taken from them?  
Hurry up, before they are all dead,  
like most of the southern soldiers.

It is said that W. R. Hearst, one  
of the shrewdest and most success-  
ful newspaper publishers in this  
country, will, at an early day, be-  
gin the publication of a magazine  
on the most modern and approved  
lines. Hearst never does anything  
by halves. The merit of the new  
publication will certainly make it  
sift well in the literary field.

That sham battle in Ohio has  
resulted in a draw, Foraker being  
awarded the organization of the  
Senate and Hanna that of the  
House. Next week Foraker will be  
re-elected to the United States Sen-  
ate and make a "harmony" speech  
two years hence. It is one of those  
traps that catches "em both comin'  
and givin'."—Louisville Times.

Former Secretary of the Treasury  
John G. Carlisle was the defend-  
ant in a suit in New York, in which  
Richard F. Leake, a cabin boy,  
sought to recover \$2,000 damages  
for false arrest and imprisonment.  
The jury gave plaintiff \$1,000.  
The suit grew out of the arrest of  
Leake three years ago on the  
charge of making away with a seal-  
skin cape belonging to Mrs. Car-  
lisle.

Many persons have been victim-  
ized by a party having offices on  
Fourth avenue in Louisville. The  
victims were induced to pay \$350

as subscription to different publica-  
tions and were promised premiums  
in the way of folding beds, car-  
pets, etc. They received nothing.  
Yet people who ought to know  
better, will ignore the publication  
of known responsibility and waste  
their money in wildcat schemes.  
They get what they deserve.

Secretary of the Treasury Gage  
in resigning his office expresses his  
desire for the success of the Rough  
Rider President's administration,  
and the President accepts "will-  
ing." A love feast at parting,  
no doubt. Postmaster General  
Schlesinger's resignation was also ac-  
cepted "with regrets." "Drop the McKinley Cabinet" is  
dropping out, three of them having  
already forsaken the counsels of the  
"man of destiny," as some one has  
dubbed the fast riding President.

### BOLDEST YET.

Three Robbers Hold Up Walnut  
Street Grocer.

Mr. Ellis Relieved of Cash And  
Other Valuables—Suspects  
Under Arrest.

Three negroes held up Mr. J. F.  
Ellis, the South Walnut street grocer,  
at his store about 8 o'clock  
Tuesday night and secured the  
contents of the cash register, about  
\$6, together with a pistol and a  
shotgun. A short while before this  
Rodman Morgan and Cole Vaughan,  
it is alleged, walked into the store  
of Bob Goodwin, col., on Jackson  
street and under the pretense of  
wanting to purchase a pistol, asked  
to see a revolver. When it was  
handed to one of them they both  
ran out of the store, taking the  
weapon with them. When the men  
appeared at Mr. Ellis' grocery they  
had been reinforced by the addition  
of another.

One of the negroes called for a  
pair of suspenders, and when Mr.  
Ellis went to the opposite side of  
the store to get them another one of  
them covered him with a revolver.  
An effort was then made to open the  
register and failing in this they  
undertook to break it open. Mr.  
Ellis protested and was ordered to  
open it himself. He opened the  
drawer and they took the cash and  
disappeared in the darkness.

The police were immediately no-  
tified and a message was sent to  
Guthrie to look out for the men.  
About 1 o'clock Wednesday morn-  
ing Morgan and Vaughan got off  
a freight at Guthrie and were imme-  
diately taken into custody by R.  
L. Burris, the city marshal of that  
place. They were brought here  
Wednesday night and lodged in jail.  
The third party has not been  
arrested.

Vaughan and Morgan told the  
officers where the shot gun was left  
and it was found the next morning  
where they said they had placed it.

Yesterday a warrant was issued  
for Sam Stoner.

A. T. BARNES,  
Pembroke, Ky.

A bill has been introduced in  
congress to punish attacks on the  
life or person of any officer of the  
United States. It provides that  
any person unlawfully killing any  
officer of the United States or who  
may be an accessory before or after  
the fact, may be punished by death  
or imprisonment for from five to  
thirty years; unsuccessful attempts  
are punishable with imprisonment  
for from one to thirty years; inflict-  
ing bodily harm, one to thirty  
years; imprisonment; kidnapping or  
conspiracy to kidnap, death or one  
to thirty years' imprisonment. All  
conspirators or accessories before  
or after the fact are liable to the  
same punishment as the principals.

The friends of Admiral Schley,  
it is said, have approved the bill  
which has been introduced making  
the judgment of Admiral Dewey the  
judgment of Congress. No bill has  
been introduced in Congress for a  
quarter of a century that more  
unanimously expressed the senti-  
ment of the entire people of this  
country.

## Coughing

"I was given up to die with quick consumption. I then began to use Ayer's Cherry Pectoral. I improved at once, and am now in perfect health." —Chas. F. Hartman, Gibbstown, N. Y.

It's too risky, playing with your cough.

The first thing you know it will be down deep in your lungs and the play will be over. Begin early with Ayer's Cherry Pectoral and stop the cough.

### Remarkable Cure of Croup.

A LITTLE BOY'S LIFE SAVED.  
I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and if fact I cannot praise it enough. I bought a bottle of it from A. E. Steele of Goodwin, S. D., and when shot home with it the poor baby could hardly breathe. I gave the medicine as directed except ten minutes until he "screamed up" and then thought he was going to choke to death. We had to pull the plugm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth to day.—JOEL DEMONT, INwood, Iowa. ## THE MESSAGE

Of Governor Beckham to The New Legislature.

Approves Many Things Done And Suggests Many to be Done.

The Kentucky legislature assembled in fifty-biennial session last Tuesday. The message was laid before the body in the afternoon. Following is a list of the things the Governor wants as well as what meets his approval:

### Governor's Message In Brief.

Urges retrenchment in expenditures to avoid increase in tax rate.

Reviews and approves work of State Board of Prison Commissioners.

Recommends thorough investigation and reform in expenditures for eleemosynary institutions.

Advises that these institutions be managed by a commission as the prisons are managed.

Suggests a law providing a system of uniform text books.

Indorses appeal of State College at Lexington and State Normal School for Colored Persons at Frankfort for larger financial assistance.

Calls attention to recommendations of the head of the State Military Department.

Urges that localities be required to care for their own pauper idiots.

Recommends an appropriation for new State buildings.

Wants a graduated license tax on business of nonresident corporations not paying franchise tax.

Approves suggestion of appropriation to enable the State to be represented at Louisiana Purchase Exposition.

### A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach & Liver Tablets is almost invariably to those who have once used them," says Mr. W. H. Williams, proprietor druggist of Cascade, Iowa. "What better recommendation could any medicine have for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, when you feel bad after eating, especially when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by all druggists.

## FORMER RESIDENT.

Fulton Physician Comes to Christian Every Year.

Tis rumored that Dr. F. M. Usher has returned home from a visit in Hopkinsville, Ky., but we have not yet seen him. We suppose that he is indisposed from the effects of eating too much turkey. He told a friend that he ate thirty turkeys while away and we don't wonder at his illness. Dr. Usher has made a trip to Hopkinsville every year since 1860 to see his father and other relatives and has traveled over 8,000 miles to and from his father's place and Fulton.

The Doctor is approaching the eighties but you can observe that he is still hale and hearty.—Fulton Ledger.

An Attack of Pneumonia Warded Off.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and the result was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Topeka, Kan. West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by all Drugists.

### Two Married Men.

If you want to laugh go to Holland's Opera House next Wednesday evening, when Geo. Edeson's successful comedy will be the attraction. In commenting on their appearance in Des Moines lately the lovely Capital City was mentioned. Men were on exhibition at the Grand last evening and the view proved very satisfactory to the large audience present. This bright farce comedy of Geo. R. Edeson came here last season unheralded and unknown, comparatively, but took with a decided interest.

"Two Married Men" is a diverting effort in fun making and took well last evening. It is to laugh and its object is well attained. "Two Married Men" is the bill at the Grand again this evening and it will doubtless draw another full house.

### Peters Comedy Company.

The Peters Comedy Company played to a good house last night, presenting "A New Buffalo." During the performance there were many pleasant specialties introduced by different members of the company. The show is an up-to-date one and deserves a liberal patronage.

To-night "Finegan's Luck" will be presented and to-morrow night "Wanted A Papa."

It is safe to say that at-to-morrow afternoon's matinee the opera house will be packed.

The price of flour has advanced fifty cents per barrel in the past ten days.

## CITY COUNCIL

Meets, Hears The Address of The New Mayor,

Receives Reports of Retiring Officers, Appoints Committees. Ex-Mayor Dabney Speaks.

As announced in our last issue, the new City Council held an adjourned meeting last Tuesday night.

The meeting was called to order by the new Mayor, Col. Jouett Henry, who then delivered his inaugural address. His policy is conservative in some points and progressive in others, and is briefly outlined as follows:

He does not believe in an open and unrestrained violation of the Sabbath or the existence of demonizing vices, but an enforcement of law and order; the time has arrived when the city should not depend for its prosperity on the uncertainty of crops, but we should branch out of the beaten track and seek out new fields of opportunity.

## THE BRITISH SUBJECT.

The English Law Governing Births and Naturalization.

It is natural that we, in these little islands, says the Lyman Telegraph, should jealously guard the social advantages, the protection and field for advancement which are enjoyed by those who can claim to be British subjects. But in the eyes of the law, there is considerable confusion as to the necessary qualifications which outsiders must show before they can be admitted to all the privileges of citizenship. On this account the home secretary appointed an inter-departmental committee to report "upon the doubts and difficulties which have arisen in connection with the interpretation and administration of the acts relating to naturalization, and to advise whether legislation for the amendment of those acts is desirable, and, if so, what scope and direction such legislation should take." Who is a British subject? The committee point out that:

"To the common law belongs the fundamental principle that any person who is born within his majesty's dominions is from the moment of his birth a British subject, whatever may be the nationality of either or both of his parents, and however temporary and casual the circumstances determining the locality of his birth may have been."

The child of an alien enemy born in a part of his majesty's dominions which is at the time of his birth occupied by the enemy, is not a British subject. Again, the child born within the British dominions of an ambassador or other diplomatic agent accredited to the crown by a foreign sovereign is not a British subject. The limits of this latter exception have not been exactly ascertained.

The king's son is always a British subject, wherever he may be born. With this exception the acquisition of the status of a British subject by parents rests on statute law. A person whose father or paternal grandfather was born within his majesty's dominions is deemed a natural-born British subject, although he himself was born abroad.

To the category of persons who are British subjects by reason of their birth having taken place within his majesty's dominions must be added those who are born on board a British ship. Some doubt exists as to the extent of this rule. There seems to be no doubt, the committee remark, that a person is a natural-born British subject who is

(a) Born on board a British ship of war, wherever such ship may be;

(b) Born on board a British merchant vessel on the high seas.

It is suggested that a simple rule should be made that any child on a foreign ship while in British waters should not be deemed to be a subject of this country, owing to this accident of birth; but, on the other hand, an infant who first looks out on life under the white and red ensign, whether it may fly afloat, is apparently a subject of the king, though he be as black as ebony or his father be this country's deadly enemy.

### THE PRESIDENT'S DOUBLE.

Congressman Moody Said to Resemble Roosevelt in Appearance.

"The president's in the secretary's office," whispered an excited messenger to the officials and clerks here in the offices and corridors of the navy department the other morning. No president since Gen. Grant had visited the executive departments, says the Washington Star, and the messenger's report naturally caused some excitement among the employees. All of them knew President Roosevelt had a double and Mr. Moody is President Roosevelt's. To those who know him both, there are many points of difference in their appearance, but all other persons might easily mistake one for the other, and it has often occurred outside of Washington.

Arizona's Wild Horses.

There are thousands of wild horses roaming the ranges in the Boboqua country, Arizona. They come down from the mountains in great bands, stampeding the stock and tearing their way to the water holes. They are as wild as deer. They move in great bodies, and after watering return to the mountains as though hunted. Once a day the journey of from 20 to 25 miles is made, and the range is torn to pieces by the sharp, scissor-shaped hoofs.

## JUDGE TONEY,

Not Exactly a Performer, But in The Line.

Paris Green Good For Destroying Lady Bugs But Not For Man.

Last summer a man was hired in Louisville to scatter paris green on potato vines to kill the lady bugs which infested the garden. The weather was warm and the laborer opened his shirt and was poisoned by getting some of the paris green on his body. He afterwards brought suit against his employer for damages. He failed to recover from the fact that he had made an inadvertent exposure of his person.

There is more in this than one would think at first glance. Every person of ordinary intelligence knows that there is a penalty fixed by law for such exposure. The law is violated with impunity in Hopkinsville during warm weather every year. It has often been remarked upon but no one has ever been put to any trouble about it. Often has the writer seen men so much exposed that they might as well have been stripped to the waist.

They have been seen time and again with nothing on their backs but a net undershirt, and that was open in front almost to the waist line, with the sleeve cut off above the elbows. So void were they of anything approaching modesty or respect for other people that they walked the man thoroughfare with as much assurance as the best dressed gentleman that would some times have to give the sidewalk for them. They no more cared for meeting a bevy of young ladies just out of school than they would meeting a drove of hogs.

We have no desire to meddle with the rights and privileges of anyone.

We are simply stating facts, and the better class of people will sustain us in it. We protest against it in the name of decency. We are glad that Judge Sterling B. Toney, of the Circuit Court of Jefferson county, pointed out the infraction of the law, though the man in the garden may not have exposed himself to general view. But the law is more applicable to men appearing on the streets in a state of almost half nudity. Judge Toney, in refusing to sustain the demurral of the plaintiff to the defendant's petition stated that the result of the man's carelessness in scattering the paris green on his body instead of on the vines, as he was paid to do, resulted in "damnum oblique injuria," which being interpreted, means a loss without an injury. This may be true, but the wonder is that the laborer didn't bring his suit for damages against the company for rates, route, etc., or write to the General Passenger & Traffic Agent at Louisville, Ky.

## JANUARY 16

Date of Bob Taylor's Lecture at Opera House.

The sale of seats for Bob Taylor's lecture here, Jan. 16, goes merrily on, and there is no question about every available space being taken on this occasion. As an impersonator of character Bob Taylor has no superior. With the versatility of his genius he portrays the customs and oddities of a people who built a civilization which is now only a distant and tender memory. On the wings of his oratory and the tide of his songs he carries you back to the days when the darkies sang in the cotton fields and the "lords and ladies" of the plantation, mounted on their thoroughbreds, mingled their shouts with the music of the running hounds in the joyous chase.

## The Spirit of Winter.

The spirit of winter is with us, making its presence known in many different ways—sometimes by cheery sunshine and glistening snows, and sometimes by driving winds and blinding storms. To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated. There is not much poetry in this, but there is truth, and it is a wonder that more people don't get rid of these ailments. The medicine that cures them—Hood's Sarsaparilla—is easily obtained and there is a abundant proof that its cures are radical and permanent.
